Welcome to the Installer for ThurayaIP-MAC Upgrader.

The installer can be downloaded from the ThurayaIP update page available on www.thuraya.com

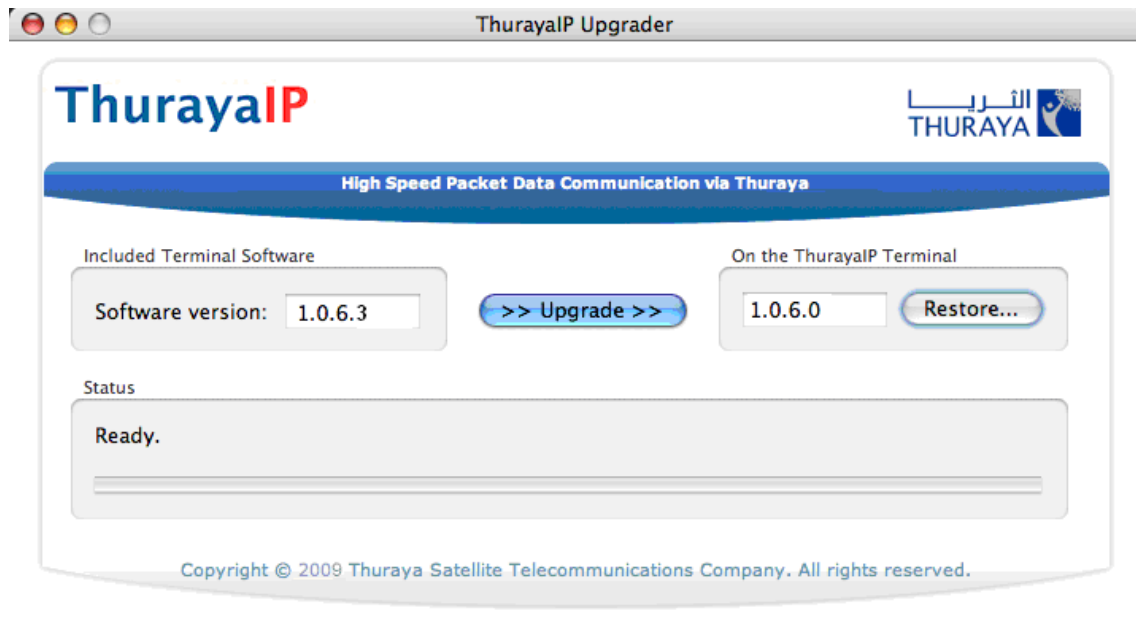

Download the package onto your PC with MAC OS; it will show on your desktop as below:

Unzip the package; it will show on your desktop as below:

Now switch on the ThurayaIP and connect it to the PC.
Double click on 'ThurayaIP Upgrader 1.0.6.3 .app'.

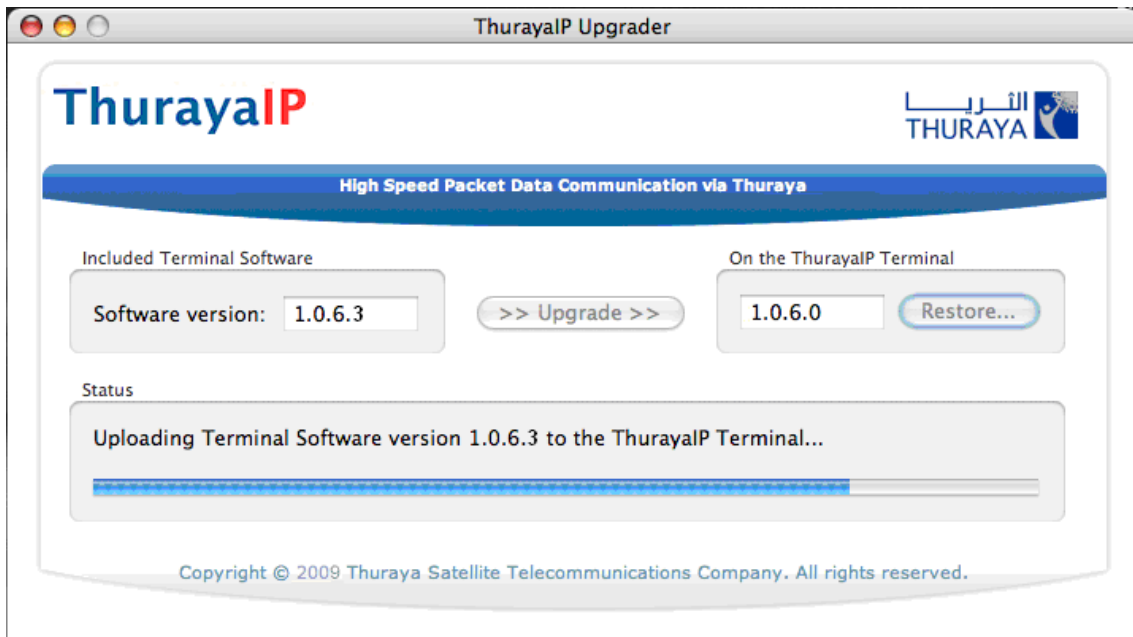

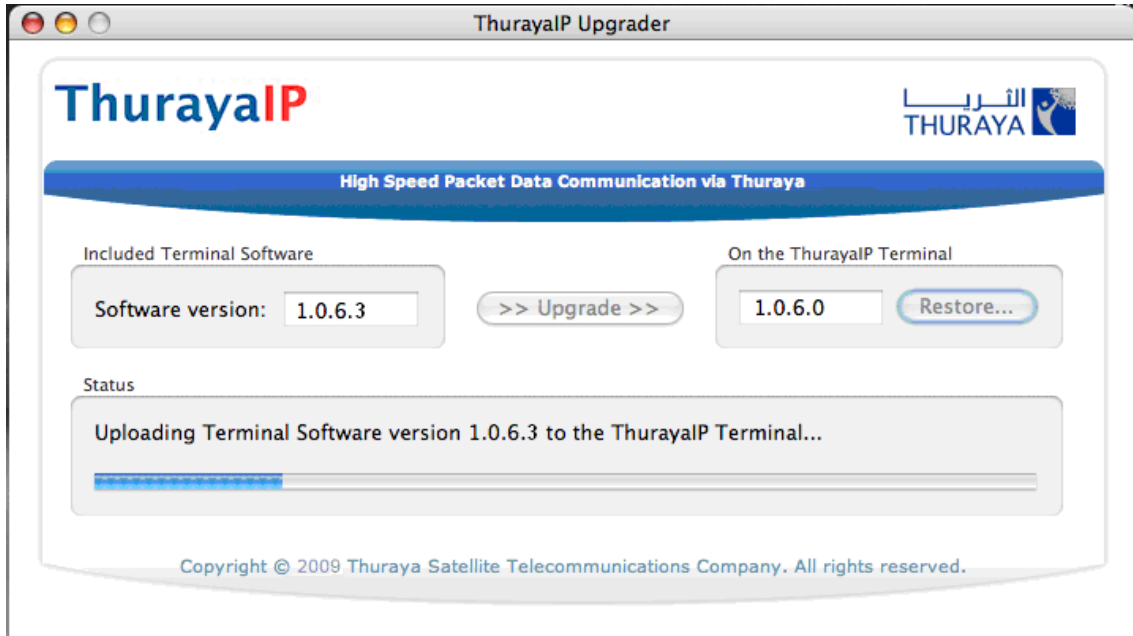

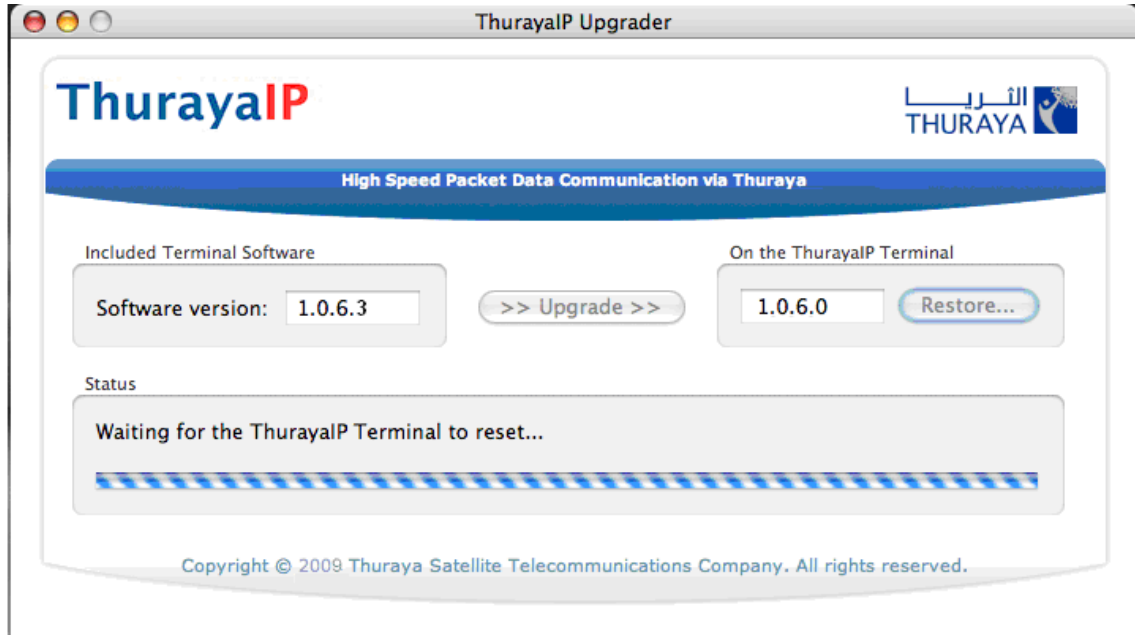

The 'New software version' indicates the software you are going to upgrade your ThurayaIP to.

The 'Modem software version' indicates the software version currently loaded on your ThurayaIP.

Press 'Upgrade' button to start the ThurayaIP Upgrader.

Note: The Upgrade will take approximately 3 minutes. Please do not disturb or disconnect the setup while the upgrade is ongoing.

Congratulations!!! You have successfully upgraded your ThurayaIP to the new software release.
