

APSI – Thuraya XT

Thuraya XT is the latest Thuraya handset. The terminal is IP54/IK03 certified satellite phone, splash resistant, dust protected, and shockproof. The handset enables voice, fax and data up to 9.6kbps communications with GmPRS capability.

Thuraya XT boasts the battery life of its previous handsets, providing up to 6 hours talk-time and up to 80 hours standby-time.

Thuraya XT is incredibly compact and lightweight, but heavy on features and reliability.

The subscription to Thuraya network can be done in post-paid or with prepaid cards.

Main characteristics :

- Lightweight pocket size and ruggedized IP54
- Long battery life providing up to 6 hours talk-time and up to 80 hours standby-time
- Regional coverage: Europe, Africa and Asia
- Transmission and receipt of SMS
- Optimized screen improving outdoor visibility in direct sunlight

Apsi – Thuraya XT
